

"Fly to London" (Letra-Canción)

We are flying in the air, and across the sea
We're going to a really nice place to have a cuppa tea
When we see their flag in the air
then we know we're near
Oh boy, I can't wait to get there
The people are so very nice and full of cheer
Oh boy, I can't wait to meet them
We will have, so much fun
when we are in London
Double deckers and The Queen
When we're in London
Taxi cabs and Ringo Starr
When we're in London

Buckingham palace is great, it's worth the visit
Oh boy, it sure is amazing
and the Tower of London is big, you can't miss it
Oh boy, it's bigger than an elephant
We will have, so much fun
when we are in London
Double deckers and The Queen
When we're in London
Taxi cabs and Ringo Starr
When we're in London
The phone booths and the royal guard
When we're in London
A spot of tea with our friends
When we're in London
